Long title.—The words "office of" were inserted to conform preamble.

Clause 2, sub-clause (2).—The words "and includes a Deputy Official Receiver of the Court" were omitted as they were considered unnecessary and as their inclusion might lead to confusion.

Clause 3, sub-clause (2).—The new sub-clause was inserted as it was considered desirable to prescribe the qualifications necessary for the office of the Official Receiver and Deputy Official Receiver in the Act proper without leaving it to be done by rules.

Sub-clauses (*2*), (*3*) and (*4*) were renumbered consequentially as sub-clauses (*3*), (*4*) and (*5*).

Sub-clause (*6*) is new and has been inserted to make the position of the Deputy Official Receiver clear.

Clause 4.—The portion inserted is intended to remove any possible misunderstanding about the relation of the Official Receiver as between the Court on the one hand and the Government on the other.

Clause 5, sub-clause (1).—This is clause 6 of the original Bill amended and rearranged. The original provision prohibiting him from accepting Receivership in certain cases has been deleted as this was considered undesirable in the interest of poor litigants.

Sub-clause (*2*).—This is clause 5 of the original Bill.

Sub-clause (*2*) (*a*) has been deleted as inexpedient.

Clauses 7 to 12 of the original Bill have been renumbered.

Clause 7.—The insertion of the words in consultation with the Court was considered necessary as the Receiver is actually appointed by the Court for each estate of property and as such it is thought desirable to have their views before the scale of fees was fixed.

Clause 9, sub-clause (4).—This is new and intended to make it clear that the Courts' authority in giving directions to the Official Receiver in certain matters is not intended to be interfered with.

Clause 10, sub-clause (3).—The alteration is intended to make the provision conform to the existing practice.

Clause 11, sub-clause (2) (b).—This has been deleted in view of the new sub-clause (*2*) to clause 3.

Sub-clauses (*2*) (*c*), (*d*), (*e*), (*f*), (*g*), (*h*) and (*i*) have been renumbered

Sub-clause (*2*) (*i*) is new. It was thought desirable to leave the matter to Government who, in consultation with the Accountant-General, Bengal, were in a better position to prescribe the procedure

We recommend that the Bill as reported on by us be passed.

The non-official members of the Select Committee recommend that the retiring age of the Official Receiver should be fixed at sixty, and that the post should be pensionable after service of ten years.

Provided that such qualifications are recognised by the Provincial Government after consultation with the Board.

STATEMENT OF OBJECTS AND REASONS.

The object of the Bill is to provide for the registration and control of dental practitioners in Bengal. The question became prominent in recent years owing to the influx of a large number of foreign dentists and the Indian Dental Association asked for Government protection against unqualified dentists. A Committee of Enquiry was accordingly appointed to advise Government in the matter. After careful consideration of the report submitted by this Committee, Government have decided to undertake legislation.

The Bill provides *inter alia* for the establishment of a Dental Board, the main functions of which will be—

(*a*) maintenance of a Register of Dental Practitioners, and

(*b*) control of Dental Colleges and Schools training candidates for examinations to be held by the State Medical Faculty for the purpose of granting the necessary certificates and diplomas.

The Schedule annexed to the Bill enumerates the qualifications which entitle the dental practitioners to be registered by the Board. The Provincial Government is empowered to recognise, on the recommendation of the Dental Board, other qualifications which may later on be included in the Schedule.

For the protection of existing practitioners it is proposed that any person who has been in actual practice of dentistry in Bengal for five or more years previous to the passing of the Act shall be eligible for registration within a specified period. Dental practitioners who have been in practice for a shorter period shall have to pass within a period of [illegible] years from the commencement of the Act a special examination to be held by the Sta[illegible]dical Faculty of Bengal in the manner to be prescribed by the Provincial Government.

BENGAL LEGISLATIVE COUNCIL.

NOTIFICATION.

No. 2882L.C.—12th March 1938.—The following report of the Select Committee appointed by the Bengal Legislative Council, on the Bengal Tenancy (Amendment) Bill, 1937, which was passed by the Bengal Legislative Assembly at its meeting held on the 30th September 1937, together with the Bill embodying the amendments recommended by the said Committee, is hereby published for general information under Standing Order 40 of the Bengal Legislative Council Standing Orders.

Report of the Select Committee on the Bengal Tenancy (Amendment) Bill, 1937.

We, the members of the Select Committee to which the Bengal Tenancy (Amendment) Bill, 1937, was referred by a motion carried in the Council, have the honour to submit this our report with the Bill embodying amendments recommended by us.

For the purpose of dealing with the matters before us expeditiously we decided generally on the following broad principles of the Bill.

The first question was whether any retrospective effect should be given to the Bill. It was generally admitted that retrospective legislation should be avoided as far as possible. The tenancy law in Bengal is already far too complex and if retrospective effect is given it will lead to considerable litigation and multiplicity of suits. We are of opinion that such a course of action is bound to act ultimately as a great hardship on the poor tenants. Having regard to all these facts we decided not to give retrospective effect. Clause 1 was accordingly altered in the manner hereinafter noted.

On the question of pre-emption, we adopted the following principle which was moved by Dr. Radha Kumud Mookerji :—

> "That in the case of the failure of a co-sharer tenant to pre empt, the landlord should be given the right of pre-emption."

We are also of opinion that some provisions should be made for the speedy realisation of rent. If suitable provisions are enacted they will not only benefit the landlord but will be of considerable assistance to the tenants who always find great difficulty in paying rent whenever there is an accumulation of rent. We also decided that unlike the certificate procedure the provisions to be enacted should be available to all landlords and tenants with reference to holdings. With this object in view the provisions of Chapter XIVA have been inserted.

All matters omitted by us have, as far as possible, been printed in italics and enclosed in square brackets and all new matters inserted by us have been underlined.

The changes made by us are detailed below :—

Clause 1.—In sub-clause (2) the amendment has been made on the basis of avoiding unreasonable delay for bringing the Act into force and also for avoiding complications that may arise if retrospective effect is given.

Clause 4.—The first two lines of proposed section 26C, sub-section (1) are unnecessary. The amendment proposed restores the language of the existing section.

In clause (1) the amendment has been proposed to do away with the necessity for notice on the landlord when the landlord himself is a party.

In sub-section (3) of proposed section 26C we think that the first two lines should be omitted as these words are unsuitable because now notices to co-sharers are necessary.

In sub-section (4) of proposed section 26C the proposed amendment relates to a drafting point only.

Sub-section (5) of proposed section 26C.—The first two amendments bring the notices to co-sharers within the scope of this sub-section. There are also a few other amendments which relate to points of drafting. An additional proviso has been inserted for the purpose of making necessary provision for adjusting landlord's rent-roll in the event of the transfer being set aside or modified.

Clause (a) of sub-section (6) of proposed section 26C.—The deletion is consequential upon the amendment to sub-section (3) and the addition is consequential upon the amendments made to sub-section (5) by the Bengal Legislative Assembly.

Clause (b) has been amplified on the lines of section 26-I (2) and a new clause (c) has been added because a judgment-debtor in a court sale is not ordinarily referred to as the transferor.

Clause 6, proposed section 26F—*sub-section (5a)*.—We think it advisable to empower the Court to make equitable apportionment of the property among the co-sharers in certain cases and with this object in view this sub-section has been added.

Sub-sections (5b) to (5d).—We have decided that the landlord should have the right of pre-emption except in the case of a co-sharer and with this object in view these sub-sections have been added.

Sub-section (6).—The addition made here is consequential on our decision with regard to the right of pre-emption.

Sub-section (9).—This sub-section provides for an appeal as we are of opinion that an appeal should lie to the ordinary Civil Court.

Sub-section (10).—The provisions of this sub-section practically restores section 26J(3) which is necessitated by the restoration of the principle of pre-emption in the Bill.

Sub-section (11).—A definition of 'transfer' has been inserted here.

Clause 7.—We are of opinion that with regard to the usufructuary mortgages executed before the Bengal Tenancy (Amendment) Act of 1928 was passed it would operate less harshly and arbitrarily on the mortgagees of such mortgages if the period be extended to 25 years instead of 15 years in the Bill and accordingly these amendments have been made in ection 26G.

Clause 16.—We are of opinion that "Mundais" should be included in tion (2) of section 49A of the Act.

Clause 18.—The amendments are consequential upon the amendment to clause 6.

Clause 18A has been added which is consequential upon the introduction of the new Chapter XIVA. *Vide* clause 33A.

Clause 20.—The first amendment relates to a drafting point. Section 58(3) of the Act deals with fine and not penalty. We are of opinion that an appeal shall lie to the District Judge rather than to the Commissioner and sub-section (2) has been drafted with this object. The first proviso should really be a substantive provision of law and as such has been incorporated as sub-section (3). The second proviso has been omitted as unnecessary.

Clause 21.—The changes proposed here relate to drafting points only.

Clause 22.—A new sub-section has been added to proposed section 85A to provide for an appeal.

Clause 24.—In proposed section 86A the changes made relate to drafting points only.

Clause 27.—The changes are consequential upon the amendment to clause 6.

Clause 30.—We are of opinion that the period of nine months is more suitable as rent will not be due at eleven months and the other changes proposed here are consequential upon the introduction of Chapter XIVA.

Clause 33A.—A new Chapter XIVA has been inserted here. The provisions of this Chapter deal with the summary procedure for the speedy realisation of rent by sale of the tenure or holding through the Courts.

Sections 177A to 177C.—Provide for the recovery of rent for not more than two years by an application; the form of applications and other matters of procedure on such applications.

Section 177D.—Provides for the summary determination by Court of the claim and valuation, but such determination and other points relating to the tenancy may be contested by a suit.

Sections 177E and 177F.—Provide for the sale of the tenancy and the procedure ancillary thereto. The sale may be postponed on the tenant paying for every postponement not less than 15 per cent. of the dues but the total period of postponement not to exceed 5 months.

Section 177J.—The sale of the holding (other than an undivided share of land) will wipe out all other arrear of rent due in respect thereof from him, except to the extent that may be realised from the sale-proceeds. The landlord may proceed against the purchaser for the arrear of rent due.

Section 177K.—In the case of a tenure or holding (other than a holding of the nature referred to in section 177J) the landlord can institute a suit for the unrealised balance of the rent against other property of the tenant.

Clause 37.—The first change is consequential upon the amendment to clause 6 and the second change is consequential upon the introduction of the new Chapter XIVA.

Clause 38.—The amendments proposed in sub-clause 3(*b*) are consequential upon the changes made in clauses 4 and 6, respectively.

MINUTES OF DISSENT.

We have to record our disapproval of the amendments made by the Select Committee in clauses 6 and 7 of the Bill.

By amending clause 6 the landlord has been given the right of second pre-emption after the co-sharer tenant. We object to any right of pre-emption being given to landlord as we consider it, not only unnecessary but hazardous to give him such a right. Pre-emption right was given to the landlord by the Amending Act of 1928 mainly with a view to his protection against fraud by designing purchasers who might under-state the price or value of the land transferred, with the object of paying less transfer-fee. Now that the transfer-fee has been abolished there is no justification for retaining the landlord's right of pre-emption on the mere supposition that he had the right of choosing his tenant on the holding being sold.

The landlord, we know, has still got the right of choosing his tenants while settling his Khas land. But he never exercised his right of choice in respect of transferees of occupancy-holdings and all the use he made of his so-called right of choice was to satisfy his own greed by realising whatever he could as *Salami* from all the purchasers indiscriminately. So, even if he had the right of choice, by misusing that right he has forfeited it and the legislature will be only putting premium on misuse of right, if they still recognise the landlord's right to choose the purchaser of an occupancy-holding, by giving him the right of pre-emption.

The result of giving the landlord such a right now, will be that his employees find it a ready weapon for extorting money from poor illiterate agriculturist [illegible]chasers by threatening them with pre-emption suit. Knowing as we do of the [illegible]r's employees as a class, we seriously apprehend that they will negotiate with the [illegible] agriculturists and induce them to bear the cost of pre-emption suit and pay them some *Bakshis* for securing the land for them. It will thus open up the doors of intrigue and extortion.

Transferability of rayati-holdings is an altogether new incident which was not thought of, when the Permanent Settlement was concluded. It originated long after the Permanent Settlement with the gradual commercialisation of rayati right. A perfect codification of this particular incident cannot therefore be expected to be achieved in the course of one amendment. Legislature will have to watch the result of every amendment and devise further amendments from time to time until a formula is evolved which would serve the best interest of the country and its people. Transferability of rayati-holdings was recognised for the first time by the legislature when the Bengal Tenancy Amending Act of 1928 was passed, but the landlord-ridden Council, as it then was, could not rise above selfish considerations and recognised the imposition of transfer-fee which according to section 55 of Regulation VIII of 1793 was nothing but *Abwab* pure and simple, and made it a legal due, and fixed its rates definitely and along with it gave the right of pre-emption to landlord. When now it has been decided to do away with the transfer-fee consistently with that decision and for reasons already stated it will be only proper not to allow any right of pre-emption to the landlord. Experience has shown that this right will never be exercised judiciously by the landlord and it will not be exercised against non-agriculturists and other undesirable tenants. The next step for the legislature will perhaps be to enact a separate Land Alienation Act, on the lines of the Punjab Act, for effectively preventing lands from passing out to non-agriculturists and other undesirable tenants. But till then it will be wiser to make transfer absolutely free for watching its result, instead of hedging it round by giving the landlord the right to pre-empt, knowing full well that instead of serving the purpose for which the right is given, it will be an engine of oppression in the hands of zamindar's *amlas*.

Then as to the amendment made in clause 7 by the Select Committee. The period of unsufructuary mortgage has most unreasonably been extended from 15 years to 25 years. Clause 7 no doubt seeks to give retrospective effect to the original section 26G of the Act. But section 26G is wrongly believed to have been enacted with a view to prevent raiyat's letting out lands for very long or indefinite period in usufructuary mortgage, with the object of evading the payment of transfer-fee. The provisions of section 26G are in consonance with the recommendations of the Royal Commission on Agriculture which suggested that "no usufructuary mortgage of agricultural land should be permitted by law unless provisions were made for automatic redemption within a fixed period of years, of which 20 should be the maximum". In Bengal 15 years was considered quite reasonable period as the agricultural land of Bengal is by far superior in fertility, and demands far less attention and labour from the cultivator. That 15 years as the maximum period, is even too long a period for Bengal can be proved on reference to the general rate of interest prevailing in Bengal. From the Bengal Banking Enquiry Report of 1930 it is found that "loans to agriculturists, given on the security of their holding, generally bear interest from 18¾ to 37½ per cent., the latter rate being usually the common rate" (vide page 198 of the report). At the rate of 37½ per cent. which is the usual rate, the interest would be double of the principal in less than 6 years. On taking the mean

between 18¾ and 37½ which is about 28 per cent., it is found that the interest would double the principal in a little over 7 years. At 18¾ per cent. which is the minimum the interest would double the principal in 11 years. According to Bengal Money-lenders Act no court in a mortgage suit can now decree any amount in excess of the double of the principal. When the ordinary debtor is getting this consideration why should not the agricultural debtor also get it? It will be only fair for the legislature dealing with Agricultural Tenancy Legislation to follow the principle of the Money-lenders Act and to stop the mortgagee from further fleecing the tenants as soon as the net usufruct he has enjoyed has become double of the principal for which the land was mortgaged. The mortgagee of an usufructuary mortgage must have made sure that he was getting net usufruct which was not less than the usual rate of interest for secured loans. On the basis of the figures of rates of interest in Bengal we have in our possession, it will be found from the calculations shown above, that the principal would be double in 6 to 11 years. To this may perhaps be added three years of grace on account of the low prices of 1930 to 1936. Even then the period should be 9 to 14 years. Thus it will be seen that even 15 years which was in the Bill before, erred on the side of leniency to the mortgagee. It will be not only unjust but unfair and unconceivable to extend the period to 25 years by which period the interest even at 18¾ per cent. the minimum rate, would be 466 per cent of the principal. But in dealing with the legislation of an entire province we ought to go by the provincial figures and not by concrete instances. If concrete cases were to influence our judgments we should enact law stopping all motor vehicles from running, as such vehicles cause death to innocent pedestrians in concrete cases.

We have also to express our disapproval of the provision of the summary procedure for recovery of rent proposed to be incorporated in a new chapter (Chapter XIVA). We admit that a speedy method of realisation if properly devised would not only be benefit to the landlord, but also to the tenant. But the method devised must not cause undue hardship to the tenants. Unfortunately, however, the provisions for the summary procedure as approved by the select committee are more drastic and harsh than even the provisions under Chapter XIIIA which is proposed to be deleted only because it used to cause hardship to the tenants.

The provisions of chapter XIIIA were confined to particular Estates only of which the proprietors were allowed benefit of summary procedure by Government; whereas the proposed Chapter XIVA can be taken advantage of by landlords of all classes and so if the provisions of the new Chapter be even as harsh as those of Chapter XIIIA, the mischief and discontent will be more widespread.

According to the provision of Chapter XIVA the only way of recovering rent is by sale of the tenancy, without even previously attaching it, whereas alternative methods could be adopted under Chapter XIIIA. A Certificate Officer under Chapter XIIIA could postpone sale to any date and could even refuse execution of a certificate decree, but the Court putting a tenancy to sale under Chapter XIVA will have no such discretion. According to the provisions as amended by the select committee he will not be able to postpone a sale even for a month unless 20 per cent. of the dues are paid and the sale cannot be postponed for more than five months in the aggregate on any account. The new provisions are thus far stricter and give no discretion to Courts. If the sale falls due in the month of Chaitra, Baisak, Asar, Sraban or Bhadra, 90 per cent. of the tenants of Bengal will not be able to pay even 5 per cent. in any of these months as most of them during these months have not only no surplus money in their hands but actually live on half ration. The inevitable result will be that all their holdings will be sold off. We had proposed that the tenant should be given time to pay his dues after harvesting the main crop. We emphatically record our honest opinion that it will be cruel to sell off a tenancy in a summary procedure without the tenant being allowed time to reap his crop. We as members of the Legislature should not lose sight of the fact that 80 per cent. of the raiyats of Bengal have only about 20 rupees per head per annum as income, whereas rupees 41 is necessary for dietary charge only of a jail prisoner of Bengal. It will be absurd to expect such a class of tenantry to be able to pay any portion of dues without harvesting the crops.

The provisions of the proposed Chapter XIVA are harsher than even the provisions of Pattani Taluq Regulations and the Revenue Sale Laws, inasmuch as the claim in Pattani Sale is limited to one year's rent and that in Revenue sale generally to one kist, whereas in the proposed law it is limited to 2 years' rental. In a summary sale procedure the demand must be limited to such an amount that it may be reasonably paid by the person whose property is put to sale without hardship before the sale date and on this principle all the previous sale laws were based. A departure is proposed to be made now and the limit of demand is increased to 2 years' rental, which, it will not be possible at all for the tenant to pay unless he is given proportionately more time. We had suggested 1 crop time for 1 year's dues and 2 crop times for 2 years' dues. The provision in the proposed sub-section (2) of section 177F that the balance of dues after sale will be realisable by proceeding against other properties of the debtor is also not at all just and equitable. If the tenancy is so valueless or has become so valueless that it does not fetch even 2 years' rental on sale, the poor tenant should not be pursued any

further. The reason for such low price is either (1) the land is valueless or (2) the rent is too high or (3) the land has deteriorated, for none of which the tenant can be held responsible. If he were literate and solvent in all these cases he could get abatement by instituting a suit and could probably go on paying the reduced rent. By not taking abatement, he pays the penalty of losing the tenancy altogether and yet again his other properties are to be proceeded against for realisation of balance.

We think the effect of the proposed summary procedure for recovery of rent will prove a disaster to the agriculturists of Bengal and we are unable to agree to such proposals.

The Bengal Tenancy Amendment Bill, 1937, has as its object the lessening of the burden of the cultivator. But it fails in the fulfilment of its object in two main respects. The rights of the under-raiyat have not been improved to the extent that is necessary, and there is no recognition at all of the rights of those who till the land under the system known as *adhi*, *barga* or *bhag*. Secondly, the Bill, though it includes provisions for the suspension of the sections relating to enhancement of rent with retrospective effect, does not succeed in effecting any reduction in the oppressive burden of the rate of rent generally prevailing in the province. In the Select Committee which considered the Bill, I pressed for amendments on these lines. The main points of my dissent are noted below in which I have confined myself only to sections touched in the Bill, and made no reference to many other undesirable features of tenancy law of the province.

The uncertainty in the date of commencement of the Act (when the Bill has become one) introduced by the Select Committee is likely to lead to graver complications than those that it seeks to avoid, and I am not convinced that it is defensible even in principle. The reintroduction of the landlord's right of pre-emption under certain conditions, though perhaps defensible as a theoretical proposition, is, in my opinion, bound in practice to curtail severely the right of free transfer of land by tenants, and I cannot therefore agree to the changes in the Bill introduced by the Select Committee. In respect of usufructuary mortgage, the amendment made by the Select Committee in favour of the mortgagee is in my opinion not justified, though I would welcome some provision for distinguishing the case of purchasers under the cover of mortgage from those of actual mortgagees. The inclusion of provisions by which the under-raiyat can acquire occupancy-rights by possession for a specified number of years is also essential for the purpose of improving his condition. There should also be some provision by which the landlord may be prevented from penalising a tenant-defender by realising from him the cost of summons on all co-sharer landlord-defendants in a rent suit. As regards the new Chapter XIV A introduced by the Select Committee, I am extremely doubtful if it is at all within the scope of the Bill. In addition, the provisions proposed seem unnecessarily harsh, for the sale of a tenant's holding if it takes place at all should form the last and desperate resort of a landlord. Such sale, if altogether unavoidable, should be dated to take place during the harvest season, so that the tenant may have a chance of meeting the claim and saving his holding. Finally such sale should automatically liquidate all liability in respect of that holding and the landlord should under no circumstances be allowed to proceed against any other property of the tenant.

HUMAYUN KABIR.

The 8th March 1938.

I am afraid the main object of the Bill will not be fulfilled unless it is so amended as to stop further transfer of cultivating lands from the hands of the cultivating raiyats. The Bengal Tenancy Act is a piece of very complicated land laws. Any retrospective effect to any amendment to the same will lead to more complications. The existing laws—both civil and criminal—are enough safeguards against exaction of illegal abwabs. Introduction of any summary measure may be a dangerous weapon at the hands of designing persons and, as such, may bring more

evil than good. Inclusion of section 52 in the provision under section 75A of the Bill seems to be courting the danger of reservation of the Bill by His Excellency the Governor. The proposed section 86A appears to be very harsh and unjust to the landlords.

Subject to the above note of dissent, I put down my signature to the report of the Select Committee.

ABDUL HAMID CHOWDHURY.

The 8th March 1938.

We have signed the Report subject to the following Note of Dissent:

Clauses 3, 4, 5 and 8.—The object of these clauses is to abolish the fee payable to landlords on the transfer of the holding of an occupancy-raiyat together with the right of occupancy therein, and the landlord's right of pre-emption.

The landlord's transfer-fee is a statutory provision introduced by the amending Act of 1928. The landlords contend that they were legally entitled to refuse to recognise transfers and that the Act of 1928 was a compromise—the tenant's right to transfer receiving statutory recognition and being made subject to the payment of a fee which was fixed.

Now it is proposed to abolish the transfer-fee.

It cannot be disputed that the clauses are expropriatary, no compensation being awarded to the landlords for the loss of a right which has been said to be worth a considerable sum annually. If it is in the interests of the State that the transfer-fee should be abolished, compensation should be given. Proposals were made that the fee should be reduced, but these were not adopted.

The Government have stated that it is their intention in the near future to appoint a Commission of Enquiry to investigate the land law of Bengal, and that the object of the present Bill is not to attempt a radical reform of the existing system of land tenure, but to lessen the burden on the cultivator by making amendments to the law which appear to be most urgently required.

We are in sympathy with these objects, but cannot support a procedure of expropriation. We consider that pending the enquiry the transfer-fee, if it cannot be reduced by agreement, should at most be suspended, and that the landlords should be compensated for the financial loss this would involve. It is proposed to introduce a method for speedy realisation of rent, which would compensate landlords to some extent for the financial loss.

Clause 7.—In view of the retrospective effect of clause 7, there is one class of mortgage which requires consideration. To avoid payment of a transfer-fee, a vendor sometimes adopted the form of a usufructuary mortgage to transfer the land to a purchaser. If the clause becomes law as it stands, a vendor who transferred in this manner will be entitled to regain his land. This is obviously unjust and the clause should be amended to enable a court to enquire into the circumstances and ascertain the true nature of the transaction and refuse redemption where the transaction was in fact a sale.

Clause 21.—The inclusion of reference to section 52 is most inequitable, and the provisions of the Act for alteration in rent in the event of alteration in area should not be affected.

Clause 22.—The wording of sub-clause (3) is unsatisfactory. The court should be empowered to make provisions for the future relations between the proprietor and the under-tenure-holder holding directly under the tenure to be surrendered.

Further the court should be empowered to decree surrender not merely to "grant permission."

In the case of encumbrances, the surrender can be decreed subject to equitable conditions.

We regret to say we are unable to agree with the majority of our colleagues in some of their conclusions and have to sign the Report of the Select Committee, subject to the following observations and reservations:—

1. The object of the Bill is stated to be "to lessen the burden on the cultivator and not to attempt a radical reform of the existing system of Land Tenure".

We find that some of the provisions of the Bill are not quite in keeping or consistent with its object and scope as thus defined.

We are not quite able in the context of this Bill and of its object to follow the distinction on principle between the zemindars proper and the various classes and

grades of non-cultivating, rent-receiving middlemen who as occupancy raiyats or even under-raiyats intervene as so many links in the chain between the superior landlord or zemindar at the top and the actual cultivator or tiller of the soil below.

In the direct interest of the cultivator or the toiling tiller of the soil whose burden we seek to lessen, we propose the following changes in the Report of the Select Committee.

2. The tiller of the soil should be exempted from the landlord's transfer-fee or Salami but not the non-cultivating rent-receiving classes, most of whom are money-lenders.

A cultivator is to be taken as the person who habitually tills the land wholly or in part by himself and by members of his family, but not by hired labour, as his principal occupation and means of livelihood, and who holds the land as his own property.

We believe in the principle that the interest of cultivation is more assured where the cultivator cultivates the land which is his own property.

To extend the above concession to non-cultivating classes is against the scope of this Bill, and almost amounts to a radical change in existing Land Laws which the Bill does not profess to seek.

3. We do not think on principle that retrospective effect should be given to any of the provisions of this Bill, especially those regarding usufructuary mortgages.

We have received representations and reports from different classes which show that usufructuary mortgagees include the tillers of the soil themselves who will be hard hit by the proposal of the Select Committee.

4. The proposal to create holdings on the basis of a reduction of rent from the present minimum of Rs. 2-8 to Re. 1 will lead to too much subdivision and make cultivation economically unprofitable.

The modern trend in agricultural reform is towards prevention of excessive fragmentation and promotion of consolidated holdings and collectivist farming.

The proposed provision is therefore against the true interests of cultivation as a means of livelihood.

We should rather like to raise the minimum rent of a holding to Rs. 5 in the case of cultivating under-raiyats or raiyats and to Rs. 10 for tenures (including those of non-cultivating raiyats).

The 9th March 1938

I have signed the report of the Select Committee on the Bengal Tenancy (Amendment) Bill subject to the Note of Dissent prepared by me. I am not in agreement with several provisions of the Bill but as I do not wish to enter into details here, I shall simply note the principal points. It will appear from the report of the Select Committee that the first point which was agreed upon was not to give retrospective operation to the legislation, but unfortunately retrospective operation has been given in some cases. By way of illustration I may refer to clauses 7 and 9. I am also of opinion that the provisions for the speedy realisation of rent have been made rather complicated and they should be simplified. There is no reason why the landlord should not be allowed to pray for recovery of rent due for a period not exceeding two years in respect of the tenancy.

The main reason so far as I understand for substituting the new section 26C is to repeal all provisions about the transfer-fee. I am of opinion that the local legislatures have no right to do away with the landlords' fee. The Crown is bound by law and contract to recognise the absolute ownership of landlords and cannot curtail their rights without their concurrence. The Legislatures have no right to infringe Crown's contractual obligations entered into in pursuance of Regulation I of 1793 which obligations had been accepted and acted upon so long and which have been taken upon by the present legislatures. Clause 7 is now practically the same the difference being that the period has been extended to 25 years instead of 15 years as in the Bill. In this clause retrospective operation has been given. It is difficult to understand why the Bill seeks to benefit the raiyat-debtors at the expense of raiyat-creditors as the transaction was generally among the raiyats. Moreover, the new

section will create serious legal difficulties. Section 52 does not relate to enhancement of rent but to alteration of rent for alteration in area. Hence, this section should not have been included.

1. We think that landlords, as such shall not be entitled to pre-empt in case co-sharers do not claim the same. We therefore do not agree to the addition of sub-section 5(*b*), 5(*c*) and 5(*d*) to section 26F of the Act.

2. We further think that usufructuary mortgages should be regarded as satisfied at the expiration of fifteen years and not twenty-five years. We therefore do not agree to the substitution of the word "twenty-five" for the word "fifteen" in the proposed new section 26C of the Act.

3. Although we agree that provisions should be inserted in the Bill for the speedy realization of rent, we have some difference amongst us as to certain details thereof.

NAZIRUDDIN AHMAD.

REZZAQUL HAIDER CHOWDHURY.

The 8th March 1938.

I regret I could not agree with my colleagues on all matters referred to the Select Committee.

My view on the question of granting or with-holding the right of transfer of the holding of an occupancy-raiyat should be made dependant entirely on how it would ultimately affect the position of the cultivating raiyats. The extension or restriction of this right should never be made an opportunity of adding to the profit of the landlord. I am therefore of opinion that this right should be given to a raiyat and he shall not pay any salami to the landlord for this.

But in giving him this right we must see that we do not make him a prey to Mahajans and other exploiters against whom he is powerless. I suggest that the right of occupancy should be made transferable in favour of a man who has already had occupancy right in other lands or in favour of one who will cultivate his land with his own hand. This right of occupancy, as distinct from the land itself, should not be made transferable to a man, like a Mahajan, who needs none of the protections given to occupancy-raiyat by the Bengal Tenancy Act but can protect themselves.

Therefore some such provision needs to be made in section 26B and 26C of the Bengal Tenancy Act.

Otherwise this unrestricted right of sale together with the effect of the Agricultural Debtors' Act on the credit system will result in the passing of the lands of the cultivators from their hands to those of the non-agriculturist class.

Clause 7.—The new provision regarding usufructuary mortgage will cause very great hardship to a class of people who cannot survive the effect of this provision when passed into law.

A large portion of such mortgagees are poor and ordinary cultivators and by simply passing such an expropriretary legislation will seriously affect a very poor class of people.

There have been many cases in which an out and out sale was made under the garb of an usufructuary mortgage and this class of cases were frequent before 1928 Act. This new provision will nullify this class of transfer altogether.

The second objection is that by accepting the amendment we will bring all kinds of transaction falling within the class known as usufructuary mortgage on one plane irrespective of the merits of the individual cases.

Further by this amendment we will prevent a mortgagee from redeeming his land before 25 years, if he can prove that from the usufruct the mortgagee in course of ten years or so have realized enough to pay him his principal advanced together with interest at 6 to 8 per cent.

I therefore suggest that such provision instead should be made providing for the mortgagor to come up before an authority with an application for redemption and such redemption will be ordered if it can be proved that from the usufruct the principal and interest calculated at 6 per cent. have been realised.

This will prevent ill-feeling amongst the masses and much criminal and consequential civil litigation can be avoided. In fact the Debt Boards are dealing extensively with such mortgages, apparently without any hardship or difficulty.

Sections 48F and 48G should provide for extending the method of acquisition of occupancy rights by under-raiyats. It must now be admitted that by transferring and selling raiyati interest to a non-cultivator, the real cultivator often takes lease of the land in under-raiyati right on an enhanced rent. It is necessary to protect this class of raiyats and their class will be on the increase after the passing of the new amending Bill. The occupancy-raiyats will slowly come from a class of people who were originally Mahajans or rent-collectors and will enjoy such statutory protection which was created for the protection of the real cultivators of the soil and who were unable to protect themselves.

I therefore suggest that in section 48G, we should provide that every under-raiyat who had cultivated a piece of land for 12 years as a raiyat or under-raiyat shall acquire occupancy right in the land held by him as an under-raiyat. Such acquisition should not be left to custom, alone, a circumstance which is very difficult to prove.

Clause 21.—The question of some reduction of rent has become one of very pressing necessity. With the fall of the price of agricultural produce to less than half of their price prevailing in 1920-29, the tenants are in fact paying in value double of what they used to pay in 1920-29. It is also very well known that during the years between 1918-29 rents have been increased in great many cases on the ground f increase in the price of food-stuff. These being facts which are admitted by all, and we know full well that if a tenant now goes before a court it won't be difficult or him to establish a case of reduction of rate of rent on the ground of decrease in alue of agricultural produce and get the necessary relief. The only difference n the landlord and tenant so far as the exercising and utilising the provisions enacted for their respective advantage is that whereas the former had the resources to reap the benefit, the latter had not nor has he the necessary means. In these circumstances the executive authority as also the legislature owe it to these poorer classes to come forward and give the relief due to the tenants in a cheap manner.

I would therefore propose that in clause 21 it should be provided that at least all enhancements made on the ground of increase in the price of food-stuffs after the year 1914 should be declared to be hereby suspended and should for future realisation to be ineffective. This would give a much needed relief.

Clause 22.—With regard to clause 22 I am of the opinion that relief should also be extended to Putni-tenure-holders. I am further of the opinion that the rights of the under-tenure-holders and other incumbrancers should be [illegible]tately protected against fraudulent surrenders. This aspect should not be left to the entire discretion of the court. It should therefore be provided for.

I would therefore propose that sub-section (6) of section 86 of the present Act should be added to the proposed section 85A.

CHAPTER XIVA.

At the outset I must say that I am opposed to the whole scheme for realisation of rent provided by this section.

This chapter introduces all the objectionable features of the Public Demands Recovery Act, often the rigours increased without those sections of the said Act which gave some protection to the tenants.

Hardships of the Public Demands Recovery Act was due amongst others to (i) the demand for immediate payment of rent after certificate was issued, (ii) the abuse by the subordinate staff of the executing department of the summary powers of seizure.

The first caused hardship because it often becomes difficult for the bankrupt tenants to immediately raise the amount and pay the dues. This difficulty gave opportunity to the unscrupulous peons to realise a handsome amount from the tenant as gratification for being given another adjournment.

I am of the opinion that so far as Government dues are concerned those should be realised by an executive machinery, but in which safeguards should be provided against the difficulties mentioned above.

As for the dues of the private landlords, we must in accepting any change in the law see that we do not compel the tenant to further forced sale of his holding.

A machinery may be provided for quicker decree being passed in some classes of cases. It should be provided that if a tenant pays the dues immediately after decree is passed then only half the court-fees paid by the landlord shall be payable by the tenant sued against. This will create an inclination for payment without delay. Sale of the holding should be resorted to as a last alternative. Crop should be attached in the first instance. Even when sale of the holding is resorted to the holdings should

be first sold subject to incumbrances, if that does not bring the amount due, then there may be a resale free from incumbrances. A minimum should be fixed for each property put up for sale and there should be no sale below the amount fixed. In case when the amount due is not realised by the sale then the balance due should be considered as paid off and there shall be no further claim for any arrears of rent remaining still due.

Beyond these few provisions I am against the rest of the amendments made at the instance of the Government.

Chapter XIII A of the present Act was available only to a few private Estates, yet the agitation against the same was already great. The proposed amendment seeks to extend the summary procedure to all rent collectors in all areas in Bengal. Consequently the agitation will only gain in strength.

The argument that the power is now being given to civil courts instead of the Revenue officers is not likely to be very convincing. There will be no improvement by this change.

HAMIDUL HUQ CHOWDHURY.

The 9th March 1938.

I beg to submit the following Note of Dissent to the amendments recommended by the Select Committee on the Bengal Tenancy (Amendment) Bill, 1937:—

Clause 4, section 26C, sub-section (6).—(*b*) "transfer" ....by conditional sale or any combination thereof

The underlined words should be added.

Clause 6, section 26F.—(*1*) Except in the case of (*d*) should be deleted and thus substituted—

(*d*) A debottar in accordance with the provision of the Hindu law dedication for religious or charitable purposes under the Budd[illegible] or any other law.

Clause 6, section 26F.—(*5b*) (*a*) After "if the transfer be of the entire holding" this should be added " and if it does not form the subject-matter of a wakf or debottar or religious trust under the Buddhist or any other law."

In (*5d*) another sub-section be added as follows:—

(*5d*) (*c*) That court shall after receipt of an application under section 5(*b*) make an order allowing it on the landlord depositing the amount of the consideration money or value of the transferred tenancy or portion thereof together with a compensation at the rate of 10 per cent. on such amount and further direct that the deposit made be paid to the transferee or such other person as the court thinks equitable.

(*6*) (*a*) .... be deemed to have vested jointly and free from all incumbrances which have* been created after the date of the transfer.

[*here I have deleted the word "annulled".]

(*9*) An application under section 26F(*1*) or (*4*) or 5(*b*) shall be treated for the purpose of determining jurisdiction, original and appellate, as a suit between landlord and tenant under section 144 and any order passed therein shall be appealable.

I think this will clarify (*9*).

Clause 20, section 74A.—(*2*) Delete "and the order passed by the District Judge on such appeal shall be final".

Clause 22, section 85A.—(*4*) For the purpose of determining jurisdiction, original and appellate, an application under sub-clause (*2*) shall be treated as a suit under section 144 and any order passed thereon shall be appealable.

Please substitute this—

Section 177-I.—(*3*) (*d*) A proceeding under Chapter XIVA shall in no way be affected nor any execution in such proceeding be stayed by or under the provisions of the Bengal Agricultural Debtors Act.

This sub-section be added.

1. I do not subscribe to the change proposed by the Select Committee in clause 6 giving powers to landlord to pre-empt. The landlord should not be given power of pre-emption under any circumstances.

2. Although I agree that some provisions should be inserted in the Bill for the speedy realisation of the rent, I have some difference of opinion regarding certain details thereof.

ATAUR RAHMAN.

The 8th March 1938.

On principle I am opposed to the Bill. In my considered opinion it is a measure of expropriation. It is against public policy. It is a negation of equity. It contravenes the fundamentals of the constitution established by law. If enacted, it will be a lawless law—intensively capricious and destructive of time-honoured customs and recognised privileges. It is a definite infringement on property rights. It is the result of the attitude of an artificially created majority in the Bengal Legislature towards a particular class or community. It is highly communistic and tends to lead to "Agrarian socialism". It creates a feeling of anxiety and apprehension for the future, inasmuch as it points towards an orgy of lawlessness. On the other hand, it alters the character of the Permanent Settlement. Until fuller realisation it may pass for an act of appeasement so far as the raiyats go, but in reality it does not improve the lot of the actual tillers of the soil, or lead to a scientific policy of agricultural development. Through careful study and closest possible scrutiny of its provisions, conviction has steadily grown on me that it shows promise but not achievement.

The landholders believe in the principle that the interests of cultivation is more assured where the cultivator cultivates by himself the land of his own tenancy. The landholders are, therefore, willing to help the actual tillers of the soil. This Bill, however, unfortunately draws no line of demarcation between cultivating and non-cultivating tenants and extends concession which will benefit the latter to a greater degree than the former.

The object of the Bill is stated to be "to lessen the burden on the cultivator and not to attempt a radical reform of the existing system of land tenure"; but, in reality some of the provisions of the Bill have gone beyond the limits thus defined and radical changes in existing land laws have been made. This is unfair to say the least of it. Another glaring injustice has been done by giving retrospective effect to some of its provisions, in violation of the fundamental principle of law.

Let me now mention some instances to illustrate my comments. In the first place the statutory right of the landholder to get transfer fee or *salami* when a holding or any part of it is transferred by the recognised tenant is an important right in land. Although it is a statutory right, it is based on property right in the terms of the Permanent Settlement, inasmuch as the zemindars were entitled by the statute of 1928 to exercise this right in lieu of the right to transfer a holding or any part thereof which was then conceded to the occupancy-raiyat. The said statutory right of the landholder was more or less a compensation for the collateral or incidental concession or privilege which was granted to the tenant by the legislation referred to above within the scope of Regulation I of 1793. It did not take away the proprietary right of the landholder and so if the provision for compensation is obliterated, the collateral benefit which accrued from it in favour of the tenant must also go, so as not to alter the character of the Permanent Settlement. It is clear that this right of the landholder, which is now proposed to be taken away, is an important right in land and is protected by section 299, sub-section (3) of the present Government of India Act and the Instrument of Instructions which has been made an integral part of the said Act.

Section 52 of Regulation 8 of 1793 has also been violated inasmuch as the Bill proposes to take away from the landholder his fundamental right to impose on a tenant a fair rent, as the landholder thought proper, for an area not included in the tenancy of the tenant. This is undoubtedly another glaring instance which proves beyond the shadow of a doubt that the Bill if enacted will alter the character of the Permanent Settlement.

The right of pre-emption goes hand in hand with the provision for transfer-fee or *Salami* and by itself is an important right in land and it will be equally unfair to deny the landholder this statutory right which was also created in lieu of the right to transfer with which the tenants was invested as a collateral privilege by the Act of 1928.

The above valuable rights in land cannot under any circumstances be taken away by a Provincial legislature without a provision for adequate compensation, or substitution of some other rights of reasonable profit, standing for the irrevocable proprietary right of the landholder in the soil.

I should like to add one more instance of illegality which this Bill seeks to legalise. Usufructuary mortgages have been ruthlessly scrapped. This will not only hard hit the tillers of the soil, but will violate the fundamental principle of law. Retrospective effect is proposed to be given to this pernicious clause of the Bill without providing for any compensation. In my considered opinion it is also an infrigement on the Government of India Act with reference to the lists in schedule VII of the said Act.

To revert to the right of pre-emption, I cannot help observing that it is extraordinarily mysterious that this right should be given to the co-sharer tenant, as if he has property in the soil. It is certainly beyond the scope of the Bill. On the other hand, if the right of pre-emption, as alleged, operates harshly on the transferor or the transferee, if it prejudicially affects the value of land and makes transactions abnormally difficult, the position, I am afraid, has by no means been improved by taking away that right from the landholder and investing the co-sharer tenant with

it, unless it is meant to be the prelude of the communistic slogan, "Land for the tillers alone", although in the present case, the non-cultivating intermediaries, so-called tenants, will have the cream of this arbitrary change.

Then again, it is notorious that the normal civil procedure followed in disposing of rent suits is extremely dilatory and expensive. In spite of this, Chapter XII on distraint was abolished. In 1928 what is commonly known as Certificate Procedure under the Bengal Public Demands Recovery Act of 1913 was, however, brought within the reach of landholders to enable them, under certain costly conditions, to expeditiously realise their fair and equitable rent. The present Bill proposes to take away this privilege from the landholder for no rhyme or reason, inflicting great financial loss on those who had to pay handsome price to purchase it. No doubt at the last moment to appease the landholder, Chapter XIVA has been added with much ado, but it is in reality empty and void—worse than useless. As it stands at present, it makes no sense and I am sure it will prove puzzling and embarrassing to courts and parties alike. The machinery thus created will hardly afford any relief to the landholder and may jeopardise the interests of co-sharer landholders when an undivided holding is sold out under sub-section (6) of section 177K of Chapter XIVA, as there is no provision to serve notice on them or make them parties to the "application." Apart from this, in many cases, it may victimise the credulous tenant. Chapter XIIIA with some modifications to take appropriate effect only on intermediaries and Chapter XII on distraint to operate on real tillers of the soil should be restored and the new Chapter XIVA should not be allowed to perpetuate a folly in the name of a blessing.

I agreed to serve on the Select Committee not because I stood committed to the principles of this Bill, but because it occurred to me that I had no right to decline to serve at a time which was suitable for common counsel—when we should make an earnest endeavour to find unity in variety and harmony in discordant tunes. I thought I could effect a compromise honourable to all parties concerned and purge out from the Bill, by conserted action, the spirit of aggrandisement and all illegalities and constitutional defects. I have tried my level best, but I must confess that I have utterly failed to do so. Let me give, as briefly as I can, some instances to illustrate my meaning. My attempt to effect a compromise by 50 per cent. reduction in the rate of transfer-fee, or even by granting total exemption to real tillers of the soil, barring non-cultivating and rent-receiving intermediaries, was treated with scant respect. I vainly argued that the right of pre-emption was never harshly exercised and was an effective deterrent against under-estimation of the value of land and indiscriminate transfers which may ultimately make the real cultivators landless or lead to a breach of the peace and even endanger public tranquillity.

I pleaded for its retention with certain reservations for the benefit of the actual cultivators, but my voice proved to be a cry in wilderness. In order to hold the scale even between the landholder and the real cultivator, I tried to restore the original Bill, clause 75A which gave power to the Provincial Government to suspend by public notification all provisions relating to *both* enhancement and reduction of rent, but no, only provisions for enhancement of rent must be suspended! Is this fair play? I tried to retain Chapter XIIIA, modified by the following proviso to be added to it under section 58A, clause 5 as sub-clause (c): —

> "provided that no certificate shall be signed if the certificate-debtor satisfy the officer that he is an actual cultivator of the soil";

but, I was sharply told that there was no earthly chance of retaining Chapter XIIIA in any shape. I strongly condemned the practice of taking *Abwab* in any shape and agreed to accept the provision for summary penalty for realisation of *Abwab* if a similar provision is made for summary penalty of the tenant, or any one acting on his behalf, for effecting, by bribe or illegal gratification, escape from payment of fair and equitable rent, or for managing to hide from the landholder or to under-value a certain *Jama*, or for getting illegal possession of his Khas land without his knowledge and consent. Cases of such deception are not few and far between.

I cannot do anything more than to appeal to the Council to revise the illegal and inequitous provisions of this Bill, or to drop it altogether, or as the last alternative not to proceed with it until a decision has been obtained from the Federal Court with respect to the questions of law which I have raised.

M. N. RAY CHOWDHURY.

The 9th March 1938.

I sign the report subject to this note of dissent. I am of opinion that the policy behind the amendments as passed by the Assembly is to bring about the ruin of the landlords at the expense of the raiyats. This is a very shortsighted policy. The existence of the landlords is an extremely important factor in the social economy of the province. It cannot truly be said that they have outlived their importance and

that they should be wiped out for the welfare of the province as a whole. I am not a landlord but, rather, a tenant. My considered opinion is that there should be a true and correct adjustment of the relationship between the landlords and tenants. I do not believe in the theory very often put forward that the obliteration of the zamindars and intermediate tenure-holders will bring in immense amount of money into the coffers of the Government and will usher a millenium to the raiyats and to the people at large. I am for legislation and strong legislation to put down vagaries of the landlords which have been found to be in existence. The amendments should be directed to bring about peace and amity and general welfare of the people and not estrangement between the landlords and tenants.

I am for free transfer of occupancy holdings with a recognition of the right of landlords to the soil and in this view I am of opinion that the landlords should be given a token *selami* in case of every transfer. I am further of opinion that the landlord should have an option of pre-emption for a reasonable and just cause which should be specified in the Act. I am of opinion that the new chapter which has been added by the Select Committee for speedy realisation of rent is not very much different from the existing provisions for realisation of rent by suit. A duplicate machinery has only been provided with apparent shortcomings and complications. I do not think that the landlords will ultimately take recourse to the provisions of this new chapter with the attendant risks and limitations. I do not understand why *ad valorem* court fees should be paid on the applications though the decision will not amount to a decree. This is against legal principle. I am of opinion that the existing provisions should be modified with a view to curtail the period of time which is now taken from the institution of the suit to the realisation money.

I shall bring up amendments in the House in furtherance of the objects stated

JATINDRA MOHAN SEN.

1. In clause 6 in the proposed new section 2(*1*)(*a*), co-sharers by purchase are excluded from the benefit of the sub-section. I think that persons who are co-sharers by right of purchase at least 12 years before the transfer and hence may be presumed to have been in quiet possession of his share should be given the benefit of the sub-section and should be excluded from the exception.

2. Provisions should be made in the new section 26F to give relief to pre-emptors where the consideration money has been overstated to defeat the claim of pre-emption.

3. The Bill gives to all co-sharers of a *holding* equal right to pre-empt in all transfers of portions of the holdings irrespective of the fact whether he is a co-sharer of the plot in question. I think pre-emption to each plot should be allowed to co-sharers of such plot in preference and co-sharers of other plots of the holding. Otherwise serious inconvenience will arise.

4. The Bill describes the right of a pre-emptor a so-called right to "purchase". As a matter of fact in pre-emption there is no purchase or re-purchase. The pre-emptor is merely substituted in place of the transferee. Drafting changes should be made to make this clear.

5. In clause 25, new section 88 (*4*), the mutation fee should be allowed to be paid by money-order to save a lot of expenses.

Dacca, the 10th March 1938.

Monthly Weather and Crop Report of Bengal for February 1938.

I. *Character of the season.*—During the month under review, the rainfall was above the normal in fifteen districts of the province and below the average in the rest. The usual rainfall statement is appended.

II. *Progress of agricultural operations.*—Harvesting of spring crops was progressing under favourable conditions. The preparatory tillage for autumn crops continued.

III. *State of standing crops.*—The state of standing crops was reported to be generally fair.

IV. *Prospects and probable outturn.*—The prospects of standing crops and vegetables were reported to be fair. Want of timely rainfall has affected the spring oilseed crops and wheat in places. The outturn of wheat and spring oilseed crops was estimated at 83 and 79 per cent., respectively.

V. *Damage to standing crops.*—No appreciable damage to standing crops was reported from any part of the province.

VI. *Condition of agricultural stock.*—The condition of livestock was on the whole fair. Stray cases of cattle-disease were, however, reported from eight districts of the province and from the States of Cooch Behar and Tripura.

Resolution on the final report on relief operations in the district of Jessore during the years 1936-37.

GOVERNMENT OF BENGAL.

Revenue Department.

Miscellaneous.

Calcutta, the 9th March 1938.

RESOLUTION—No. 4863Misc.

Read-

Letter No. 143R.G., dated the 25th January 1938, from the Commissioner of the Presidency Division, submitting the final report.

2. The district of Jessore has an area of 2,902 square miles with a population of 1,671,164 according to the census of 1931.

The drought which occurred in 1935 caused partial failure of the *aus* paddy crop throughout the district while the *aman* paddy crop, the principal crop of the district, failed partially in Sadar, Jhenidah and Bongaon subdivisions. The condition of the *rabi* crop in areas which are comparatively high was also unsatisfactory

3. The district was beginning to recover from the effects of the drought, and a favourable monsoon was giving promise of a good harvest, when a severe set-back occurred in August and September 1936. The rivers Bhairab, Ichamati, Kabadak and Navaganga rose in flood and inundated about 2,657 square miles with a population of 214,000 in parts of four subdivisions. A great area of *aman* paddy was destroyed and heavy damage was done to *aus* and jute. *Rabi* cultivation in certain areas was hampered by water-logging after the floods.

4. To relieve distress caused by drought and flood timely relief measures were undertaken by Government and the district board. These consisted, as usual, of agricultural loans, relief works, paddy-husking schemes, and gratuitous relief.

Agricultural loans.—Agricultural loans to the extent of Rs. 84,623 were distributed for drought relief, and, in addition, Rs. 53,227 for flood relief.

Relief works.—The district board of Jessore did not conduct test works as defined in the Famine Code but they took up the repair of district and local boards roads and construction of village pathways in affected areas so as to provide work for labourers. These works were done through contractors at ordinary rates and cost the district board a sum of Rs. 2,615 in the earlier part of 1936-37 and Rs. 22,137 (including a sum of Rs. 15,000 for roads in areas affected by floods) in the latter part of the same year and early in 1937-38

Paddy-husking schemes. — Paddy-husking schemes on a moderate scale were opened in areas affected by flood and drought. The total number of persons thus employed and maintained was 839 at a cost of Rs. 1,415.

Gratuitous relief.—Gratuitous relief was given in cash in areas affected by drought during the period from April to July 1936 at a cost of Rs. 1,687 which was met from charitable funds. In the flood affected areas, relief was given through nine union relief committees in the form of doles of rice, in accordance with the procedure laid down in Chapter VIII of the Bengal Famine Code. A sum of Rs. 703-9 was spent in this connection and a sum of Rs. 332 was spent out of the Central Relief Fund for rebuilding houses which collapsed on account of floods in the Bongaon subdivision.

Besides these measures the Subdivisional Officers of Bongaon and Jhenidah persuaded merchants and landlords to lend paddy on liberal terms and thus relieved distress to certain extent.

5. Mr. O. M. Martin, [illegible] I.C.S., Additional Commissioner, [illegible]esidency and Burdwan Divisions, supe[illegible]d the relief in this district as in o[illegible] districts in West Bengal.

6. The Governor is satisfied that measures undertaken to relieve distress in this district were adequate and successful. The thanks of the Governor

are due to Khan Bahadur Fazlul Karim and Mr. P. D. Martyn, I.C.S., the then Collectors of the district, who worked with energy and ability. His thanks are also due to Mr. Syed Nausher Ali, Chairman of the district board of Jessore and to the other members of the board, for their cordial co-operation; and to the honorary workers who contributed to the successful working of the relief operations. Government are pleased to direct that the good work done by Maulvi Hafizur Rahman, Subdivisional Officer, Magura, and Babu Nitya Gopal Roy, Subdivisional Officer, Bongaon, be recorded

Order.—Ordered that this resolution be published in the official gazette.

NOTIFICATIONS.

Burdwan.—No. 1407P.H.—8th April 1938.—In exercise of the power conferred by section 311 of the Bengal Municipal Act, 1932 (Bengal Act XV of 1932), the Governor is pleased to make the following rules for the regulation of the supply of filtered water to private premises for domestic purposes in the Asansol Municipality in the district of Burdwan in supersession of those published in notifications No. 650P.H., dated 5th March 1931, and No. 244P.H., dated 11th February 1933:—

Rules.

So long as the Commissioners deem it practicable and consistent with the maintenance of an efficient water-supply, they may grant to any owner or occupier of a holding paying a water-rate imposed under the provisions of Chapter VIII of the Bengal Municipal Act, 1932, on the annual value of such holding, when such annual value is not less than Rs. 200, a connecting-pipe from the service-pipes of the Commissioners for the purpose of leading water to such holding for domestic purposes only.

1. The owner or occupier of any holding requiring water to be laid on to such holding for domestic purposes must apply for the same on the printed form A to be supplied free of cost at the municipal office. The conditions subject to which a house connection will be given are set out in the form, and the owner or occupier shall sign the statement undertaking to observe the rules before a house connection will be given.

2. A fee of Rs. 100 shall be paid to the Commissioners by such owner or occupier for each connection to a municipal main supply-pipe before any work is commenced, such fee shall be in addition to all other costs and charges imposed under these rules.

3. Each holding must have a separate connection to the municipal main supply-pipe. Extension from the communication-pipe of one holding to another holding shall not be permitted and combination of holding for the purpose of these rules shall not be allowed.

4. The connection shall consist of two portions—

(a) the service-pipe from the street main to the boundary of the holding, including ferrule, stop-cock and check-pipes;

(b) the storage tank (or tanks) with service-pipe connecting to it from the boundary of the holding, also outlet-pipes, taps and other accessories as required.

5. The items referred to in clause (a) of rule 4 shall be provided and fixed by and at the expense of the Commissioners, and such pipes and fittings shall remain as their property.

6. The items referred to in clause (b) of rule 4 shall be provided and fixed at the expense of the owner or occupier and shall be maintained by him in good working order. The tank shall be suitably covered and protected and shall be provided with locked lid, ball-valve, stop-valve and overflow-pipe. The inlet and outlet pipes shall be so laid that they will be protected from the heat of the sun.

7. The owner or occupier shall not permit the service-pipe, including the items referred to in clauses (a) and (b) of rule 4 or any part thereof to be altered, removed or interfered with by any person other than an authorised representative of the Commissioners, who shall be empowered by the Commissioners to alter or adjust the service-pipe as may from time to time be necessary for the maintenance of the requisite flow of water. No tapping or branching off of the service-pipe shall be allowed except at a level approximately the same as that of the ball-valve.

8. The tank referred to in clause (b) of rule 4 shall be durable and water-tight and the cover, overflow-pipe and other accessories shall be so constructed that mosquitoes cannot enter the tank. The ball-valve and the other fittings shall be exact duplicates of standard samples kept in the office of the Commissioners and approved by them at a meeting. The storage tank or tanks shall be cleaned and sterilized quarterly at the expense of the owner or occupier under the supervision of an officer of the municipality.

9. Every storage tank shall be fitted with an overflow-pipe, the end of which shall project over the wall of the house and shall be placed in a conspicuous position. Discharge of water from the overflow-pipe means that the ball-valve is failing to function, and the owner or occupier shall notify the waterworks officers every time he finds such discharge occurring.

10. Every owner or occupier of any holding, in respect of which a connection has been made under these rules, shall be entitled to supply of water corresponding to the water-rate payable on the basis of the annual valuation of such holding, according to the following table:—

Rules for the guidance of students seeking admission into the Medical College, Calcutta.

1. Two classes of students are admitted to the college:—

(*1*) *Civil pupils' class.*—Admission to this class is restricted to students, male or female, who were born within or whose parents are domiciled within the territorial jurisdiction of the Calcutta University. Three students are also eligible for admission from the Dacca University area and three from the Dacca Intermediate Board. Students from other provinces and from Indian States for whom places have been reserved are also eligible for admission to the college.

Only students who intend to take the M. B. examination of the Calcutta University are admitted to this class.

(*2*) *Military pupils' class.*—Only European or Anglo-Indian students are admitted to this class (see separate prospectus for military pupils whose admission is regulated by the Director-General, Indian Medical Service).

NOTE.—Casual students are not admitted. No students are admitted other than those in one or other of the above classes.

2. The minimum preliminary qualification for admission is the First Class Pass certificate of the I. Sc. examination of the Calcutta University with Physics, Chemistry and Mathematics or an examination recognised as equivalent to it. This rule may be relaxed in favour of Muhammadan students and such candidates having passed the said examination in the second division may be admitted, provided they are otherwise considered suitable, to make up the number allotted for the Muhammadan students. In assessing the claims of those eligible for admission special weight will be attached to proficiency in English.

3. (*a*) Female students qualified under rules 1 and 2 will be admitted to the college, provided there is a vacancy in the Swarnamoyee Hostel in which all female students must reside. For special reasons to be recorded in writing, the Principal may allow any female student to reside outside this Hostel.

(*b*) Female students studying in the college but belonging to provinces other than Bengal and not domiciled in Bengal will pay rents for accommodation in the Swarnamoyee Hostel.

4. The session commences with the summer term which begins on the 15th June and ends on the day before the commencement of the Durga Púja holidays. The winter term commences on the day after close of the Durga Puja holidays and ends on the 31st March.

5. All applications direct from new students in Bengal for admission to the college should be accompanied by a fee of Rs. 4 which will not be refunded.

All new students must apply for admission to the Principal, Medical College, Calcutta, in the prescribed form, available in his office before the 25th May except in the following cases:—

(*a*) Students from other provinces for which places are reserved should apply to the Inspector-General, Civil Hospitals, of those provinces for admission within such dates as that officer may prescribe.

(*b*) The candidates from Indian States will be nominated by the States themselves.

(*c*) Students from the Dacca University area will be selected as follows:—

(*i*) Three students will be selected by the Dacca University, and

(*ii*) Three students by the Chairman of the Dacca Intermediate and Secondary Education Board.

6. The number of civil students to be admitted each year is 105. Vacancies are allotted as follows:—

Other provinces and Indian States including 1 from Nepal State	8
Dacca	6
Surgeon-General's nominees	5
Women	5
Muhammadans	21
Others	60

Preference for admission will usually be given to candidates who have superior qualifications, but the final selection lies entirely with the Selection Committee appointed by Government.

(*a*) Besides the students nominated by the Indian States under rule 5 (*b*), one student will be nominated by the Inspector-General of Civil Hospitals, Central Provinces, six students (including one female student) by the Inspector-General, Civil Hospitals, Assam, and six by the authorities mentioned in rule 5 (*c*).

These students must possess the qualifications mentioned in rule 2 and the nomination must reach the Principal, Medical College, Calcutta, before the 10th June each year, failing which the vacancies will be filled with local candidates. Vacancies arising by resignation or otherwise in places filled by reservation for the authorities in paragraph (*a*) cannot be filled again by those authorities during the year.

(*b*) Five seats shall be reserved annually for nomination by the Surgeon-General provided the candidates possess the necessary physical qualifications and at least a 2nd class pass certificate of the I.Sc. examination of the Calcutta University with the subjects mentioned in rule 2 or of an examination recognised as equivalent to it. These nominations shall ordinarily be made after the Selection Committee have made their choice under clause (*c*).

(*c*) The remaining vacancies shall be filled up by the Selection Committee specially appointed by Government from year to year. This Selection Committee will be the authority to select candidates belonging to Bengal.

(*d*) Every student selected by the Selection Committee for admission shall be examined medically in the Medical College, have his health card filled up and be passed fit before his fees are accepted, provided that if it is proposed to reject any student on the ground of his being medically unfit as a result of such examination, such decision shall not take effect unless it is sanctioned by the majority of votes of the members of the medical profession on the Selection Committee.

(*e*) Any candidate who has—

(*i*) endeavoured to enlist for his candidature the support of persons of influence or of Government officials,

(*ii*) personally canvassed any member of the Selection Committee or on whose behalf anyone else has canvassed any such member,

(*iii*) produced any letter of recommendation other than certificates from teachers or testimonials from persons under whom he has actually been employed,

NOTIFICATION.

New Delhi, the 24th March 1938.

No. F. 27 (2)-R. II/38.—The following rules are published for general information:—

In exercise of the powers conferred by clause (*a*) of sub-section (1) of Section 247 of the Government of India Act, 1935, the Secretary of State hereby makes the following Rules, namely:—

THE SUPERIOR SERVICES (INDIA) FAMILY PENSION FUND RULES.

Section I.—General.

1. These Rules may be called the Superior Services (India) Family Pension Fund Rules.

2. The sums contributed or paid as hereinafter prescribed shall be accounted for to the Secretary of State and shall be credited in his books to an account entitled the Superior Services (India) Family Pension Fund; and there shall be debited to the said account all payments in respect of pensions, benefits, or other outgoings properly payable out of the Fund.

3. The Secretary of State shall, at such times and in such manner as may be agreed between him and the Commissioners appointed under the provisions of the Government of India (Family Pension Funds) Order, 1936, pay to or receive from the said Commissioners the amounts by which the receipts credited to the above-mentioned account exceed or fall short of the payments debited thereto as the case may be.

4. The Secretary of State may by alteration of these Rules make such changes in the rates and conditions of contribution and benefit as he shall from time to time think necessary. Every such alteration shall, in the absence of provision in the Rules to the contrary, take effect from the first day of the month following the date of publication of the amendment in the "Gazette of India":

Provided that no such alteration shall operate to reduce the pension payable to any person already in receipt thereof otherwise than by the withdrawal or reduction of any increase granted temporarily or by making any reduction deemed to be necessary in consequence of the transfer of the Fund to Commissioners under the provisions of the Government of India (Family Pension Funds) Order, 1936.

5.—(1) The Secretary of State shall, from time to time, at such periods as he may determine, place the accounts of the Fund, together with statistics of the ages, births, marriages and deaths of the subscribers and of their dependants, before such Actuary or Actuaries as he may select, with instructions to examine them and report thereon.

(2) The Report of the Actuary or Actuaries shall be published in such manner as the Secretary of State may direct.

Section II.—Rules relating to Contributions and Benefits (Compulsory contributions).

6.—(1) The Rules in this section apply

(*a*) to every person who being on 31st March 1937 a subscriber to or a beneficiary of the fund under the Rules relating to compulsory subscription then in force, did not, under the provisions of Section 19 of the Government of India (Family Pension Funds) Order, 1936, make objection to the vesting in Commissioners of his interest in the fund;

(*b*) to every pensionable European, Anglo-Indian or Anglo-Burman officer appointed by the Secretary of State after 31st March 1937 to the Indian Police or to any post declared by the Secretary of State to be a scheduled post for the purposes of these Rules, who was at the time of his appointment under the age of 28 years;

(*c*) to every European, Anglo-Indian or Anglo-Burman officer of the Burma Police, Class I, who was at the time of his appointment under the age of 28 years, and is required by the Rules relating to his conditions of service to subscribe.

(2) If any question arises as to whether this section of the Rules applies or does not apply to any individual officer the question shall be decided by the Secretary of State and his decision shall be final.

7. Every officer to whom this section of the Rules applies (hereinafter referred to as a compulsory subscriber), shall make, with effect from the 1st April 1937, if he was already in service at that date, or if not, with effect from the date of his arrival in India or Burma, to take up his appointment, the monthly contributions* prescribed in the First Schedule and the Secretary of State may order that such contributions shall be deducted from his pay or pension at the time of issue.† If at any time a subscriber is not in receipt of pay he shall not thereby be relieved of the obligation to pay the contributions due from him,‡ but the Secretary of State may at his discretion permit recovery of subscription due over a prolonged period of leave on medical certificate or of extraordinary leave without pay to be postponed until the expiration of such leave.

8. Except as provided in Rules 9, 10 and 11, contributions under Rule 7 shall cease on the expiration of 25 years from the date from which they first became payable, or, should the subscriber retire on invalid pension before the expiration of such period, on the date of retirement. Any subscription remaining unrecovered under the terms of the proviso to Rule 7 shall, however, be recoverable from such invalid pension.

*These contributions are fixed in sterling and when recovered or paid in India or Burma are convertible into rupees at the current rate of exchange.

†Subscriptions may be substituted for payments to the General Provident Fund subject to the provisions of Rule 17 of the Rules of that Fund.

‡If a subscriber is not in receipt of pay from a Government in India or the Government of Burma, he should arrange to pay the contributions due from him, either by cash or by cheque, to the Accountant-General, India Office, to the Accountant-General, Central Revenues, New Delhi, or to the Accountant General, Burma.

9. A compulsory subscriber who is dismissed from the service shall thereupon cease to be a subscriber, and his family shall cease to be entitled to any benefits under these Rules, and the subscriber shall not be entitled to any refund of contributions.

10.—(1) A compulsory subscriber who resigns or is removed from the service or who retires without being entitled to a pension shall thereupon cease to be a subscriber and his dependants shall cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum, the amount of which shall be fixed in each case by the Secretary of State, whose decision shall be final; and it shall be open to the Secretary of State before deciding upon the amount, if any, of such lump sum, to require medical evidence, in the form prescribed in the Fifth Schedule, of the health of all or any of the dependants of the subscriber.

(2) A compulsory subscriber who retires from the service on a compensation pension may elect, within three months of the date of retirement, to discontinue subscription under these Rules with effect from the date of his letter signifying such election; his dependants shall thereupon cease to be entitled to any benefits under these Rules, but the subscriber may be granted a lump sum on the terms and conditions set forth in the preceding Sub-rule

11.—(1) A compulsory subscriber who retires with a pension under the India Premature Retirement Rules or the Burma Premature Retirement Rules may adopt, at his option, one of the following methods of retaining for his wife and children benefits under these Rules, namely: —

This proportion shall be equal to the completed number of years during which he has subscribed divided by 25.

[illegible] He may continue until the expiration of 25 years from the date on which he became a subscriber to make contributions under the rules at the rates which would have been payable by him from time to time had he remained in the service. In that case he shall retain the full benefits admissible under the Rules as if he had remained in the service:

Provided that, in the event of the officer failing to notify within three months of the date of his retirement the method selected by him, he shall be deemed to have elected the first of the above methods.

(2) There shall be repaid to the Superior Services (India) Family Pension Fund in accordance with the provisions of the Rules referred to in sub-rule (1), any loss thrown upon it by the operation of this rule; and the decision of the Secretary of State as to the amount of such loss shall be final.

Provided that in any case where it is shown that a male orphan on attaining the age of 21 years is by reason of mental or physical infirmity incapable of earning a livelihood, the Secretary of State may at his discretion permit such male orphan to continue to draw beyond that age a pension of amount not exceeding that of which he is then in receipt under this Section of these Rules:

J. C. BASU, for *Director of Agriculture, Bengal.*

Dacca, the 12th April 1938.

DEPARTMENT OF AGRICULTURE, BENGAL.

Dacca, the 31st March 1938.

Third Forecast of the Wheat Crop of Bengal, 1937-38.

(*Note*.—On an average of the five years ending 1935-36, the area under wheat in Bengal has represented some 0·4 per cent. of the total area under wheat in India. The ratio of the irrigated wheat acreage to total wheat acreage in (*a*) British India and (*b*) in the territory now reported on has, in the five years ending 1935-36, averaged (*a*) 41·7 and (*b*) 9·7 per cent , respectively.)

Character of the season.—Since the submission of the second forecast no improvement has set in. Want of timely and sufficient rainfall has adversely affected the growth of the crop causing damages at places. On the whole, a fair crop is anticipated for the province.

Acreage.—According to the estimates of the district officers the total area sown comes to 160,900 acres this year as against 149,500 acres both in the corresponding and final forecasts of last year.

Outturn.—The average provincial outturn as worked out from the district estimates is 80 per cent. as against 83 and 84 per cent. in the corresponding and final forecasts of last year.

Taking the normal yield to be 9⅝ maunds per acre, the gross yield of the crop for the province is estimated at 45,400 tons this year as against 43,800 tons (revised) and 44,300 tons (revised) in the corresponding and final forecasts of last year.

M. CARBERY,

Director of Agriculture, Bengal.

Provided that the Speaker, with the consent of the Minister in charge of the Department to which the resolution relates, may allow a resolution to be entered on the list of business at shorter notice than twenty-one days:

Provided also that no member shall, unless he has obtained the special permission of the Speaker, be permitted to send in notice of more than four resolutions during one session of the Assembly.

Power to disallow certain resolutions.

85A. The Governor acting in his discretion may at any time before the resolution is moved inform the Speaker that he disallows any resolution or any part thereof on the ground that it relates to or affects the discharge of any of the functions of the Governor in so far as he is by or under the Act required to act in his discretion or exercise his individual judgment, and if he does so, the resolution or part of the resolution shall not be placed on the list of business or if it has been placed on the list of business, it shall not be moved.

Objection to resolutions on certain grounds.

86. (*1*) The Minister-in-charge of the Department to which a resolution relates may, immediately before the resolution is moved, object to the resolution or any part thereof on the ground that it cannot be discussed without detriment to the public interest. (*ii*) has given his consent to the resolution being moved.

(*3*) If the Speaker is of opinion that a resolution is or may be one which cannot be moved save with the consent of the Governor, he shall, as soon as may be after the receipt of the notice of the resolution, forward to the Governor a copy thereof and, unless the Governor (whose decision in the matter shall be final) decides in his discretion that the resolution may be moved, it shall not be entered in the list of business.

(*4*) Notwithstanding the fact that the speaker has made no reference under sub-rule (*3*), if the Governor acting in his discretion considers that any resolution or part of a resolution is one which cannot be moved without his consent he may withhold his consent to the moving of the resolution and, on communication to the Speaker of his decision which shall be final, the resolution shall not be entered in the list of business or, if it has been so entered, the Speaker shall not allow the resolution to be moved.

THE BENGAL PUBLIC DEMANDS RECOVERY (AMENDMENT) BILL, 1937.

A

BILL

to amend the law relating to the recovery of Public Demands in Bengal.

WHEREAS it is expedient to amend the law relating to the recovery of public demands in Bengal;

It is hereby enacted as follows :—

1. (*1*) This Act may be called "The Bengal Public Demands Recovery (Amendment) Act of 1937."

(*2*) It shall come into force from the date of its final publication in the *Calcutta Gazette*.

(*3*) It extends to the whole of Bengal.

2. The words and phrases used in this Act will bear the same meanings as are expressed in the Bengal Public Demands Recovery Act of 1913.

3. In section 3, sub-section 6 of the Act, after the word "schedule 1" the words "Excepting arrear rent" shall be inserted.

4. The whole of sub-sections 3 and 4 of section 20 of the Act shall be omitted.

5. The whole of section 60 of the Act shall be omitted.

6. Section 61 shall be omitted.

7. Section 62 of the Act shall be omitted.

8. Section 63 of the Act shall be omitted.

9. Section 64 shall be omitted.

10. In article 7 of schedule 1 of the Act after the words "Any demand" the words "Excepting arrear rent" shall be inserted.

11. The article 8 of schedule 1 of the Act shall be omitted.

12. Article 47(*3*) of schedule 2 shall be omitted.

13. The proviso with sub-provisos (*a*) and (*b*) of article 48 of schedule 2 of the Act shall be omitted.

14. Articles 62 to 65 of schedule 2 of the Act shall be omitted.

15. The whole of article 67 of schedule 2 of the Act shall be omitted.

STATEMENT OF OBJECTS AND REASONS.

Since the passing of the Bengal Act III of 1913 other laws relating to the realisation of rent have considerably been changed or amended. The object of the Act is the speedy realisation of public demands and as rent in some cases falls within that category, it was considered expedient to supersede the general laws, for realising rents, which were a little bit dilatory, by the summary certificate procedure prescribed by the Act. But now ample provisions are made in the Bengal Tenancy Act itself for suing the defaulting tenants after every kist is over, and for expediting the disposal of the suits and execution proceedings in rent courts. Besides the publication of the High Court Rules and Circular Orders has revolutionised the procedure in Civil Courts which have practically been brought at par with the certificate courts in the matter of disposal.

So realising rents by certificates has become obsolete and unnecessary. On the other hand all summary procedures generally cause extreme hardship to their victims specially in financial matters.

Hence, it is time to remove this drawback in the laws to save the poor tenants from untold misery by excluding rent from the public demands.

Resolution on the Report on the Administration of the Excise Department in the Province of Bengal for the year 1936-37.

GOVERNMENT OF BENGAL.

Forest and Excise Department.

Excise.

Calcutta, the 29th March 1938.

RESOLUTION—No. 6173Ex.

Read—

Report on the Administration of the Excise Department in the Province of Bengal for the year 1936-37.

Mr. D. MacPherson, I.C.S., remained in administrative charge of the department from the 1st April 1936 to 4th May 1936 and again from the 4th December 1936 to 31st March 1937 Mr. A. S. Larkin, I.C.S., held charge for the remaining period. Mr. A. K. Basu worked as the Collector of Excise, Calcutta. and was in charge of the Excise Intelligence Bureau from the 1st April 1936 to 15th November 1936 and was succeeded by Mr. G. D. Hoskins, M.B.E. Rai Bahadur Tarakeswar Bhattacharyya, Deputy Commissioner, was in charge of the distilleries and warehouses in addition to the matches, sugar and tobacco branches.

2. There was no change in the administration of the Excise Department during the year and the system of "fixed fee" settlements was continued for the licensing of country spirit, foreign liquor and drug shops, and in Western Bengal for pachwai shops. Shops for the sale of tari, and [illegible] districts of the province for the sale of pachwai, were s[illegible] by auction. The policy of settlement of excise shops with Bhad[illegible]ok and of restricted supply of excisable articles was maintained during the year.

3. As in the previous year the Excise Licensing Boards in the districts, and the Excise Advisory Committee in Darjeeling continued to function satisfactorily.

4. The Central Detective Department started experimentally in 1933 to combat the spread of illicit practices, chiefly illicit distillation, continued to function, and the field of its activities was extended during the year with very considerable success.

Government notice with satisfaction that the Customs and Police co-operated with the excise staff on all occasions.

5. The total excise revenue increased from Rs. 1,34,87,819 to Rs. 1,37,58,199, *i.e.*, by 0·55 per cent. The increase is reported to be due to improvement in trade and industry, particularly in the second half of the year, and to the intensive campaign against illicit trade. The incidence of excise revenue per head of population was annas 4-5 pies against annas 4-3½ pies in the preceding year

The total number of licenses for the retail sale of country spirit was 891 against 899 in the previous year Revenue under this head increased by Rs. 4,52,607. The increase in consumption (23·0 per cent.) was due partly to improved economic conditions in and partly to the effectiveness of the drive against illicit distillation.

6. The tree tax system of taxation on tari continued to be in force in the districts of Calcutta, 24-Parganas, Hooghly and Howrah. The number of licenses increased from 459 to 467, but revenue fell from Rs. 8,35,106 to Rs. 7,53,158. This is reported to be due to some extent to increased consumption of country liquor of weaker strength.

7. The revenue from foreign liquor was about Rs. 15·39 lakhs as against Rs. 15·38 lakhs in the previous year. Though there was a fall in the consumption of foreign liquor generally and consequently a fall in license fees, there was an increase in the consumption of Indian made foreign liquor, which produced an increase of Rs. [illegible]900 in the revenue from duty.

Imports of German beer in tins and drums is a novel feature of the year. It is satisfactory to note that imports of Java spirit are gradually on the decline and Government will await with interest the time when the expectation regarding the displacement of Java spirit by cheap local spirit in the market may be realised.

The bonded laboratories in this province maintained their reputation and their preparations found a ready market throughout India. Strict adherence to B. P. Standards was enforced by the department.

8. The number of licenses for the retail sale of ganja was 13 more than in last year; and the amount consumed was the same as in 1935-36. The area cultivated was reduced by 185 bighas or 25 per cent. of the area cultivated in the preceding year, because export to Bihar, formerly large, had almost entirely ceased. Revenue from ganja increased by Rs. 25,585.

Of the other two hemp drugs, the consumption of charas, imported from the Punjab, remained stationary, while that of bhang showed a small decline.

9. The system of restricted supply of opium to licensed shops, according to local requirements as fixed by the Collectors, continued throughout the province except in a few districts where the necessity for such a system no longer existed. The regulations prescribed by Government on the recommendation of the League of Nations relating to import, export or transport of dangerous drugs which include opium and its derivatives were strictly followed. The restrictions regarding limit of sale and private possession imposed on the consumption of opium in the industrial areas were maintained during the year. Consumption fell from 642 maunds 39 seers to 626 maunds 11 seers and revenue fell from Rs. 34,31,140 to Rs. 33,20,556 as compared with the previous year. The Opium Smoking Act and the rules thereunder have resulted in a further reduction in the number of opium smokers.

10. During the year 22,434 persons were arrested for offences against the Excise and Opium Laws. 8,266 of them were permitted under section 65 of the Excise Act to compound their petty offences. 14,168 persons were prosecuted and against 12,378 of them convictions were obtained. In one circle as many as 1,723 cases were detected.

11. The Temperance movement made little real headway, though in Malda and Darjeeling there was some not very successful propaganda against excessive drinking. In Chandpur a short-lived abstinence campaign kept some sweepers away from the licensed shops for about three months.

Experience has shown that the closing of liquor shops of itself does not help the cause of Temperance; as consumers, unable to secure what they want from licensed premises, either buy from illicit traders, or, as they can easily do, manufacture the stuff to their own requirements. The greater the restrictions on the sale of alcohol and drugs, the greater becomes the profit of the smuggler; and love of gain is a stronger motive than fear of punishment. The amazing spread of illicit distillation and brewing within the last ten years is illustrated by the increase in the number of cases detected, from 2,252 in 1926-27 to 8,726 in 1936-37.

12. The Government of Bengal have much pleasure in recording their appreciation of the manner in which the work of the department was conducted by Messrs. D. MacPherson and A. S. Larkin. Thanks are also due to the officers mentioned in paragraphs 97 and 98 of the report whose loyal co-operation contributed to the successful working of the department.

Constitution and functions of the Examination Board.

1. The examination will be conducted by an Examination Board which will be composed as follows: —

(1) A High Court Judge to be nominated by the High Court—President.

Members.

(2) A District Judge to be nominated by the High Court.

(3) The Principal of the Bengal Engineering College (Secretary).

(4) Director of Surveys, Bengal.

(5) Director of Surveys, Assam.

(6) The Principal of the Ahsanulla School of Engineering, Dacca.

2. Certificates issued to candidates attached to Courts in Bengal and Assam will be signed by the Secretary.

3. The Board will, through their Secretary, arrange to conduct the examination, to appoint examiners and receive their reports, to issue instructions to the candidates, to record marks and announce results, to receive examination fees, and to pay the examiners and contingent expenses. The Board will also determine the scale of remuneration to be given to the examiners in consultation with the Government of Bengal.

Rules for the Examination of Pleaders for Certificates of Proficiency in Surveying.

4. An examination for these certificates will be held once annually in the month of February, or at such time as may be notified by the Board, at the following centres:—

The Bengal Engineering College—In Bengal, for Bengal and Assam candidates.

Dacca School of Engineering In Bengal, for Bengal and Assam candidates.

5. Candidates practising in courts situated in the various districts will be examined at the places enumerated below: —

Candidates practising in the Burdwan, Presidency and Rajshahi Divisions at the Bengal Engineering College.

Candidates practising in courts in the Dacca and Chittagong Divisions and in Assam will be examined at Dacca.

6. The maximum number of names that will be registered for the [illegible]mination is 20 for class II and 8 for class I (to be selected from class II passed candidates) at each examination centre at the Bengal Engineering College and Dacca.

7. In the event of more than 20 or less than 5 names for class II being registered for examination at any one centre, the Secretary will have power to direct candidates to proceed for examination to the other centre, provided that this does not increase the number appearing at that centre to more than 20.

8. In the event of more candidates than provided for in rule 6 being registered for examination in any year, the number admitted to the Bengal Engineering College or Dacca centre may be increased for that year. Should the number of candidates for examination at these centres be too great (in the opinion of the officer controlling the examination) to be examined at one time, he may arrange for two separate examinations in the field tests.* All candidates must appear at the same paper examination.

9. The registration of candidates for the examination will be conducted by the Secretary of the Examination Board.

10. No candidate will be admitted to the examination unless he has been enrolled as a pleader, and—

(i) has obtained credit for attendance at the special course of instruction not less than eleven months and more than four years previous to the date of the examination, or

(ii) has been registered for admission to the Intermediate Engineering Examination of the Calcutta University, or

(iii) has passed the Sub-Overseer Examination, or

(iv) h[illegible] at lea[illegible] the Surveyor's certificate of one of the Govern-[illegible] and [illegible] School, or

(v) is spec[illegible] allowed by the Board to appear without any of the qu[illegible]cations (i) to (iv).

11. No candidate will be admitted to the examination more than three times.

12. Candidates for admission to the practical examination shall, after they have had their applications on the prescribed form countersigned by the District Judge, forward them to the Secretary of the Examination Board so as to reach his office on such date in January as may be fixed annually by the Secretary and notified in two issues of the Gazette during the preceding month. Each application must be accompanied by a receipt from the local treasury certifying that the examination fee of Rs. 50 (in the case of class II candidates) and Rs. 75 (in the case of class I candidates) has been paid into the treasury; unless such receipt be received, the candidate's name will not be registered.

---

*The reason why it is not possible to hold a second examination at the other centre (*vide* rule 8) is that they have not so large a number of teachers, and the holding of the examination necessitates the closing of the school while it is proceeding.

13. Each examination is complete in itself. A candidate will be required to pass the examination in every test, and will not be exempt from a test on the ground that he satisfied the examiner in it previously.

14. No certificates of partial success will be issued.

15. The examination will comprise the following tests:—

Class II.

I. A paper on practical surveying—3 hours.

II. A practical test in chain surveying, during which the candidates' knowledge of the use of a prismatic compass will be tested—4 hours.

III. A practical test in plane tabling—4 hours.

IV. A practical test in levelling—4 hours.

V. An oral and practical test in the adjustment and care of surveying instruments.

VI. Plotting and calculations in connection with the work done in the field.

Tests Nos. II, III and IV will be such as can be completed by the candidates within four hours.

Class I.

I. Theoretical paper—4 hours.

II. A practical test on chain and prismatic compass survey (6-8 hours)—1 day.

III. A practical test on plane table surveying (6-8 hours)—1 day.

16. Classes will be arranged at the Bengal Engineering College and the Dacca School of Engineering, for ten weeks in the months of January to March each year, for both class I and class II candidates.

17. The heads of these institutions will fix the exact dates in each season, and the sites of training, and inform the candidates after the candidates are allotted under rule 27.

18. The classes will be held under canvas, and the necessary tents for this purpose will be provided by Government.

19. There will be two classes at each centre and there should be two instructors approved by the Board who will share the class work between them. They will be appointed by the head of each institution for twelve weeks in each season.

[illegible]0. Attendance will not be marked any day unless the pleader [illegible]ds for the full working hours, and if a pleader does not work satisfactorily, his attendance will not be credited.

21. The instructor shall keep a register of attendance. To obtain credit for attendance at this special course of instruction a candidate must have been entered according to rule 20 as having attended at least 80 per cent. of the full number of working days, and this attendance must be so distributed that the Board is satisfied that none of the subjects taught has been neglected. He shall also submit maps and sections of all field work to the satisfaction of the instructor.

22. The teacher of the class will not be permitted to give private certificates for this course.

23. A statement showing the total attendance of each pleader will be prepared by the teacher in charge and forwarded through the Controlling Officer to the Secretary.

24. Instructors will arrange for tents, coolies and instruments under the supervision of the head of the institutions concerned.

25. The fee for the course will be Rs. 100 for each of the class I and class II candidates payable in advance.

26. Any candidate who desires to undergo the course of training must apply to the Secretary of the Examination Board not later than such date in November as may be fixed annually by the Secretary and notified in the first two issues of the Gazette during that month. The application must be endorsed by the District Judge. It should state the centre which the candidate wishes to join, *i.e.*, Bengal Engineering College or Dacca, and should be accompanied by a receipt from the treasury certifying that the fee of Rs. 100 for the course has been deposited into the treasury; unless such receipt be received, the candidate's name [illegible] be registered.

27. The [illegible] will allot candidates, consulting their wishes as far as possible, [illegible] more than 20 and not less than 8 in the case of class II candid[illegible] and not more than 8 in the case of class I candidates to a class. [illegible] the number of candidates exceeds 40 in the case of class II candidate[illegible] and 16 in the case of class I candidates, he may arrange a second course at one centre. Regulations and Forms for the preparation of Balance-Sheet.

PART I.

Regulations.

1. The balance-sheet required to be prepared in respect of every class of business carried on by an insurer is, in the form in which it is set out in Part II of this Schedule (Form A), appropriate to a case where the insurer maintains a separate fund in respect of life insurance business.

2. The balance-sheet of life insurance business shall be prepared as a separate document. The balance-sheet of any class of business may be prepared as a separate document instead of being incorporated by the addition of columns and headings in the general balance-sheet, but the totals of each such separate balance-sheet (showing the total assets of the class of business, the balance at the credit of the life insurance fund or other separate fund or account, the amount of shareholders' undivided profits, and outstanding liabilities) must in any case be incorporated in the general balance-sheet.

3. If any combined balance-sheet is for any purpose issued by an insurer, it shall be in accordance with the Form set out in this Schedule, and there shall not be included among the assets shown in any such combined balance-sheet any amount in respect of any holding in or advance to any insurer whose assets and liabilities have been incorporated therein. Every combined balance-sheet must show clearly on the face thereof that it is a combined balance-sheet and must set out fully the name of every insurer whose assets and liabilities have been incorporated therein; if the assets and liabilities of any person not being an insurer are included in a combined balance-sheet the fact must be stated thereon.

4. Where any guarantee has been given by an insurer (otherwise than in the ordinary course of re-insurance business) in respect of the policies of any other insurer, the balance-sheet of the insurer by whom the guarantee was given must show clearly the name of every insurer whose policies have been so guaranteed and the extent of the guarantee:

Provided that this regulation shall not apply where combined balance-sheet is issued incorporating the assets and liabilities of the insurer whose policies are guaranteed.

5. Where any part of the assets of an insurer is deposited in any place outside British India as security for the owners of policies issued in that place, the balance-sheet shall state that part of the assets has been so deposited, and, if any such part forms part of the life insurance fund, shall show the amount thereof and the place where it is deposited. Where any combined balance-sheet is issued by an insurer for any purpose, the information required by this regulation shall be shown in the aggregate in respect of all the insurers whose assets and liabilities have been incorporated in the balance-sheet.

6 There shall be appended to the balance-sheet a statement in Form AA as set out in Part II of this Schedule showing the market value and the book value of the assets in India.

7. Every balance-sheet shall contain the following certificates, namely:—

(*a*) a certificate signed by the same persons as are required by this Act to sign the balance-sheet explaining how the values as shown in the balance-sheet of the Investments in Stocks and Shares have been arrived at, and how the market value thereof has been ascertained for the purpose of comparison with the values so shown;

(b) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and signed also, so far as respects the value of any items shown in the balance-sheet under the heading of "Reversions and Life Interests", by an actuary, certifying that the values of all the assets have been reviewed as at the date of the balance-sheet, and that in their belief the assets set forth in the balance-sheet are shown in the aggregate at amounts not exceeding their realisable or market value under the several headings—"Loans", "Reversions and Life Interests", "Investments", "Agent's Balances", "Outstanding Premiums", "Interest, Dividends and Rents outstanding", "Interest, Dividends and Rents accruing but not due", "Amounts due from other Persons or Bodies carrying on Insurance Business", "Sundry Debtors", "Bills Receivable", "Cash" and the several items specified under "Other Accounts":

Provided that if the persons signing the certificate are unable to certify that the assets set forth in the balance-sheet are so shown as aforesaid, a full explanation of the bases upon which the values shown in the balance-sheet have been assessed shall be given in the certificate;

(c) a certificate signed by the same persons as are required by this Act to sign the balance-sheet and by the auditor certifying that no parts of the assets of the life insurance fund has been directly or indirectly applied in contravention of the provisions of this Act relating to the application and investment of life insurance funds; and

(d) certificates signed by the auditor (which shall be in addition to any other certificate or report which he is required by law to give with respect to the balance-sheet) certifying—

(i) that he has verified the cash balances and the securities relating to the insurer's loans, reversions and life interests, and investments;

(ii) to what extent, if any, he has verified the investments and transactions relating to any trusts undertaken by the insurer as trustee; and

(iii) in the case of a combined balance-sheet, that he has audited the balance-sheet and accounts of every insurer whose assets and liabilities are incorporated therein, or that any such balance-sheet and accounts which have not been audited by him have been certified by independent auditors. The said certificate shall contain a reference to such reservations, if any, as may have been made by any auditor upon any report or certificate given by him with respect to the balance-sheet and accounts of any insurer whose assets and liabilities are incorporated in the combined balance-sheet.

8. If the values shown in the balance-sheet in respect of "Holdings in Subsidiary Companies" or "House property (i) in India, (ii) out of India" have been increased since the last previous balance-sheet, the certificate required by paragraph (b) of the last foregoing regulation shall state the amount of every increase not solely due to the cost of subsequent additions or, as respects holdings in controlled companies, to increased profits, and shall contain an explanation of the reason therefor.

9. For the purposes of this Schedule the following expressions have the meanings hereby respectively assigned to them, namely:—

(a) "combined balance-sheet" includes any combined statement made by an insurer of assets and liabilities in the form of a balance-sheet which includes the assets and liabilities of any other insurer; and

(b) "market value" means as respects any asset the market value thereof as ascertained from published market quotations, or, if there be no such value, its fair value as between a willing buyer and a willing seller.

THE FOURTH SCHEDULE.

(*See* section 13.)

Regulations for the preparation of Abstracts of Actuaries' Reports and Requirements applicable to such Abstracts.

PART I.

Regulations.

1. Abstracts and Statements must be so arranged that the numbers and letters of the paragraphs correspond with those of the paragraphs of Part II of this Schedule.

2. In showing the proportion which that part of the annual premiums reserved as a provision for future expenses and profits bears to the total of the annual premiums, in accordance with the requirements of paragraph 3 of Part II of this Schedule, no credit is to be taken for any adjustments made in order to secure that no policy is treated as an asset.

3. (*1*) The average rate of interest yielded in any year by the assets constituting a life insurance fund shall, for the purposes of paragraph 4 of Part II of this Schedule, be calculated by dividing the interest of the year by the mean fund of the year; and for the purposes of any such calculation the interest of the year shall be taken to be the whole of the interest credited to the life insurance fund during the year after deduction of income-tax charged thereon (any refund of income-tax in respect of expenses of management made during the year being taken into account), and the mean fund of the year shall be ascertained by adding a sum equal to one-half of the amount of the life insurance fund at the beginning of the year to a sum equal to one-half of that fund at the end of the year, and deducting from the aggregate of those two sums an amount equal to one-half of the interest of the year.

(*2*) For the purposes of the calculation aforesaid either—

(*a*) all profits and income arising during the year from sums invested in reversions shall be included in the interest credited to the life insurance fund during the year; or

(*b*) such portion of the life insurance fund as is invested in the purchase of reversions, and the profits and income arising therefrom, shall be excluded from the calculation; but in that case a statement must be added to the information required under the said paragraph 4, showing, in respect of the portion of the fund so excluded as aforesaid, the average rate of annual profit and income for which credit has been taken during the five years last preceding the valuation date, and explaining the manner in which the said average rate has been calculated.

(*3*) The information given in accordance with the requirements of the said paragraph 4 shall show clearly by which of the methods hereinbefore in this regulation mentioned the sums invested in reversions and the profits and income arising therefrom have been dealt with.

4. Every abstract prepared in accordance with the requirements of Part II of this Schedule shall be signed by an actuary and shall contain a certificate by him to the effect that he has satisfied himself as to the accuracy of the valuations made for the purposes thereof and of the valuation data:

Provided that in the case of an abstract prepared on behalf of an insurance company, if the actuary who signs the abstract is not a permanent officer of the company, the certificate as to the accuracy of the valuation data shall be given and signed by the principal officer of the company and the actuary shall include in the abstract a statement signed by him showing what precautions he has taken to ensure the accuracy of the data.

5. For the purposes of this Schedule the following expressions have the meanings hereby respectively assigned to them, namely:—

"extra premium" means a charge for any risk not provided for in the minimum contract premium;

"inter-valuation period" means, as respects any valuation, the period to the valuation date of that valuation from the valuation date of the last preceding valuation in connection with which an abstract was prepared under this Act or under the enactments repealed by this Act, or, in a case where no such valuation has been made in respect of the class of business in question, from the date on which the insurer began to carry on that class of business;

"maturity date" means the fixed date on which any benefit will become payable either absolutely or contingently;

"net premiums" means as respects any valuation the premiums taken credit for in the valuation;

"premium term" means the period during which premiums are payable;

"valuation date" means as respects any valuation the date as at which the valuation is made.

The following tabular statements shall be annexed to every abstract prepared in accordance with the requirements of this Part of this Schedule, namely:—

(*c*) a Valuation Balance-Sheet in the Form I annexed to this Part of this Schedule; and
